

CMS John R. "Doc" McCauslin

Dear Fellow AFSA Members:

I take this opportunity to formally announce my candidacy for reelection as International President of your Air Force Sergeants Association. **I am retired with the time, energy, and a full commitment to the Association and its Preamble.**

AFSA has faced tremendous changes and challenges this past year and we have also had numerous opportunities for improvement. I am happy that we have done very well in surmounting most of the challenges, have significantly reduced the budget deficit that I inherited over two years ago, made dramatic improvements in day to day operations, and completely upgraded the Headquarters building to last another 25+ years without further significant expenditures (new roof, parking lot, resealed all windows for energy efficiency, new flooring, new furniture, new computer software/hardware, and training for employees).

I offer leadership and management experience to our AFSA chapters and divisions across the globe. With all of my visits, I emphatically promoted face to face sessions with AFSA chapters and the senior leadership at each installation that support our chapters and divisions. This past year I've met with members of the Senate and House (including key chairmen) to promote our legislative concerns that affect the quality of life for our total force and their families. I've also met with Cabinet members, a Presidential Commission, eleven Governors, and the National Association of Governors to foster those same legislative issues that have a profound effect on enlisted members and their families albeit active duty, retired, veterans, Air National Guard and the Reserve forces.

Recently I received the Air Force Cyberspace Command briefing and it was indeed, an eye opener. That briefing was extremely informative and presents some very difficult challenges for our Air Force which will in-turn have some impact on the way we will do business in the future. As our Air Force adopts changes in order to dominate this whole new world out there, AFSA will also necessarily have to adapt to the opportunities and challenges. It is my belief that a strong AFSA leadership team is needed to meet these new challenges and opportunities.

Our legislative reputation of creditability and integrity is at an all-time high! We are financially stronger than ever and now I want to pursue a **balanced** budget. Additionally, I want to place a stronger and special focus on retention of the AFSA members we continue to recruit but lose for various and sundry reasons. Together with your support, we can make a difference for our Association.

Respectfully,

"Doc" McCauslin
15 April 2008.

Air Force Sergeants Association

CANDIDATE RESUME FOR OFFICE

CANDIDATE FOR: International President <small style="text-align: center;">Level/Office</small>	
NAME: John R. "Doc" McCauslin	MILITARY RANK: CMS, Retired
